## TEXAS AWAITS CALLING OF LEGISLATURE

### GOVERNOR MIRIAM A. FERGUSON MAY FACE IMPEACHMENT PLAN

Given Until Wednesday Night To Call Solons Together

Austin, Tex., Nov. 24.—People throughout the Lone Star State today awaited the formal calling of a special session of the state legislature.

A "courtesy petition" in the form of an ultimatum has been served on Governor Miriam A. Ferguson asking her to issue the special call.

In the event the woman governor refuses to comply, Speaker Lee Satterwhite has declared he will call the legislature into extraordinary session.

Fifty-two members of the house have signed the petition asking Satterwhite to call the body into session for impeachment purposes.

The petition to the governor designates, in effect, that "affairs of the state" shall be investigated.

The governor was given until tomorrow night to reach her decision. If no action on her part has been taken by that time, it will be assumed that she does not intend to issue the call and Speaker Satterwhite will act.

The special session will convene December 15, if the governor issues the call, but if Satterwhite makes the call the legislative body probably will not get together until after the holidays.

Investigation into the state highway commission by Attorney General Moody first elicited the attention of Texas. Moody's investigations resulted in the indictment of three road companies, one of which has already been tried and judgment obtained against it.

Moody regained \$600,000 alleged to have been paid out by the state in excess profits, cancelled the road company's contracts and ousted it from Texas.

Governor Ferguson and the state highway commission attempted to thwart Moody's decision by filing a plea of intervention declaring the attorney general did not have the right to file a suit on behalf of the state without the governor's permission.

### OFFICER SHOT; BANDITS ESCAPE

Believe \$50,000 Is Loot From Chicago Bank

Chicago, Nov. 24.—Patrolman Patrick O'Shea was shot and perhaps fatally wounded here today by five bandits who held up a bank messenger's auto and escaped with two strong boxes, believed to contain \$50,000.

O'Shea was acting as guard for the money which was being removed from the Draper's National Bank in the Stock Yard district.

The bandits' machine drove along side the bank car and as soon as O'Shea's star was sighted, the robber opened fire on him. He returned the fire and is believed to have wounded one of the bandits. The robbers made their escape, however, and the police in all adjoining suburbs have been asked to aid in the search.

### HERMIT WILL SPEND LONG TERM IN JAIL

Akron, O., Nov. 24.—Joe Gravitz, 52, Barberton hermit, was sentenced to a term of 3 to 20 years in Ohio State Penitentiary on a charge of criminal assault.

After only six minutes deliberating, a jury in common pleas court here found Gravitz guilty of criminally assaulting a 12-year-old Barberton girl at his shack on the Canal tow-path here.

Gravitz, a foreigner, was told his fate by an interpreter.

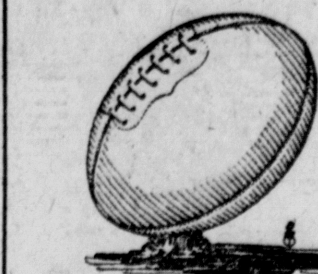

### WINS BY COIN

Alliance, O., Nov. 24.—By a flip of the coin, Miss Elsie Whittingham, Democrat, won over Charles O. Silver, Republican incumbent, in the ballot deadlock for auditor. Silver, who has held the office for 20 years, will demand a recount.

### YOUTH KILLED

Athens, O., Nov. 24.—Elmer Cartwright, 20, was killed and Ray Sayre, 18, probably fatally injured at Jacksonville near here when a speeding New York Central train demolished their truck. A third boy, Carl Shunway, jumped and escaped injury. Buildings adjacent to the crossing obstructed the view.

### A Football Edition

In the interests of Central High School athletics, this football edition is published, its pages particularly dedicated to success of the football team in its game with Washington C. H., Thanksgiving Day afternoon. Five high school youths solicited tributes from merchants that are found on these pages and to them and to Central boosters, goes the gratitude of The Gazette and The Republican, the football team, its patrons and supporters. They are: Arnold Boxwell, Roger Nash, Howell Huston, William Need and Robert Downing. Miss Bertha Hyman also assisted in part of the work.

### Farewell

"Red" Grange played his last game of college football before 65,000 fans. Now the phantom flyer of Illinois turns his thoughts to the countless offers for his services, ranging from professional football at fabulous pay to sheikdom in the movies.

### BOY BURGLARS ARE ARRESTED FOR FOUR MAJOR ROBBERIES

Youths Who Robbed Homes Are Captured In Columbus

Cleveland, O., Nov. 24.—Two boy burglars, who boasted of four major robberies were held at the detention home here today.

The youths, 12 and 16 years old confessed to Lieut. Harry Weiss that they entered four homes in Columbus and Cincinnati and escaped with five valuable diamond rings and other loot.

The 12-year-old boy was carrying a 32-calibre revolver when arrested. Lieut. Weiss grilled the pair and they broke down and cried. They told of their escape from the Boys Opportunity Farm at Cincinnati. That was two weeks ago.

They detailed their activities in entering and robbing homes during the night. They came to Cleveland Monday night in search of new adventures.

Safe cracking was the "profession" they had failed in. They tried to enter the safe of the Green and Green Bakery Company, at Columbus but the door wouldn't open.

Ambitions to become burglars started from a movie the boys said in their confession to Weiss.

### AUTOISTS PAY FOR STATE HIGHWAYS

Columbus, Nov. 24.—The cost of building and maintaining state highways is defrayed by revenue derived from Buckeye motorists, state records show.

The cost of building 400 miles of new roads and maintaining and repairing the present roads in the last year was \$17,500,000.

The sum, paid by the state was offset by the \$12,000,000 paid by motorists for license tags and more than \$8,000,000 collected through the gas tax measure.

In addition some motorists paid a personal property tax during the last year totalling more than \$4,000,000.

**SAFE IS CRACKED**  
Steubenville, O., Nov. 24.—Daring safe crackers, blew the vault of Zink's Furniture Store in the heart of the business district and escaped with \$150.

### GERALD CHAPMAN AS FEDERAL PRISONER MAY ESCAPE GALLOWS

Arch Bandit Turned Over To Government On Habeas Corpus

New Haven, Conn., Nov. 24.—Within the shadow of the gallows at Wethersfield Prison, where Gerald Chapman heads the list of those condemned to die, the arch bandit may gain a new lease on life extending as long as 25 years.

Chapman became a prisoner of the U. S. government yesterday with the signing of the writ of habeas corpus by Judge Edwin H. Thomas. The writ is returnable next Monday when arguments will be presented in an effort to prove that the state of Connecticut cannot hang Chapman because he is a federal prisoner.

This contention is based on the fact that Chapman, with 25 years to serve for a New York mail robbery in 1921 was taken from Atlanta Federal Penitentiary last spring to stand trial in Hartford for the murder of Patrolman James Skelly in New Britain. His lawyers say he must be returned to Atlanta to complete his sentence before he can be executed.

State's Attorney Hugh Alcorn and Assistant U. S. Attorney George Cohen of Hartford are in Washington conferring with officials of the department of justice in reference to this turn of events.

Should Chapman be pardoned from serving his Atlanta sentence, it is conceded he may refuse the pardon.

A reprieve became virtually automatic with signing of the writ and Chapman's hanging, scheduled for December 3, undoubtedly will be postponed.

### THREE KILLED IN STILL BLAST

Refinery Explosion Snuffs Lives Of Workmen

Arkansas City, Ark., Nov. 24.—Three men were killed and thousands of dollars property damage was done when a high pressure still at the Arkansas City Refinery exploded today. The dead: William Mitch, 50; Walter Wilson, 36, and Thomas Cooper.

All three were employees of the refinery. The blast was followed by fire. The explosion shattered windows within a radius of a mile.

### MOTORIST PICKED WRONG AUTO TO HIT

Martins Ferry, O., Nov. 24.—Cyril Clay of Bridgeport erred when he drove his automobile into that of Judge W. W. Cowen of St. Clairsville—erred to the extent of 60 days in jail and a fine of \$50. Prior to striking Cowen's machine, Clay had collided with another car driven by William Bolan, overturning Bolan's car and injuring Bolan, his wife and their three children. Clay fled after this crash and struck the judge's car in his flight, witnesses said. Cowen gave chase and caught Clay. Clay pleaded guilty.

### BRIAND REFUSES TO ATTEMPT TO ORGANIZE NEW FRENCH CABINET

Paris, Nov. 24.—(U. P.)—Hope that Aristide Briand would be able to form a cabinet to succeed the fallen Poincare regime departed this afternoon when the foreign minister told President Doumergue that he could not organize a new ministry.

Briand had been at great pains to ascertain whether he could gather together a workable cabinet group which would have a substantial foundation of support in the parliament. During the morning Briand consulted with a long list of politicians including Poincare and Leon Blum, socialist chief, as well as Georges Bonnet, Paul Doumer and others.

### REWARD OFFERED FOR ARREST OF CLUB USER BY TOLEDO COUNCIL

### FIEND INACTIVE ON MONDAY NIGHT WHEN MORONS ROUNDED UP

Detective Shot at By Amateur South Hunting Clubber

Toledo, O., Nov. 24.—Stimulated by a \$1,000 reward posted by the city council for the club wielder who has struck down nine Toledo women, assumed greater proportions today.

The council passed an ordinance authorizing the reward last night. The ordinance was decreed by Safety Director Hill who contended that every Toledo citizen should co-operate in capturing the clubber without monetary inducement.

The clubber who is described as a large, muscular man with blood-shot eyes remained inactive again last night, lessening the terror that has gripped a large portion of Toledo's feminine population.

A general roundup of morons began today, police believing that through this medium they may capture the fiend, who they are convinced has escaped from some state hospital for the criminal insane.

More than a score of men known to be deficient mentally have been examined, but none has exhibited the mental traits attributed to the club wielder, who has been termed the "Monster of the Night."

The police department today are attempting to discourage the general arming of the populace.

A detective who was searching for the maniac in a dark alley was almost shot by a youth who believed him to be the club wielder.

Instances of a similar nature were reported from various sections of the city and police fear that through mistaken identity loss of life may occur. Police were inclined to believe that due to two nights of inactivity the clubber has fled to another city. They will renew their vigilance each night however, until this has been determined definitely, they said.

### TWO TRAINMEN SCALD TO DEATH

Commission Probes Explosion of Engine Boiler

Columbus, Nov. 24.—Inspectors for the Public Utilities Commission and Pennsylvania Railway officials began a joint inquiry into the explosion of a locomotive boiler at Columbia Center late yesterday resulting in the death of a fireman and brakeman and the scalding of the engineer.

The dead: Clarence Tossey, 34, Columbus, head brakeman. Leo Ruey, 35, Columbus, the fireman.

Engineer Charles J. Strickles, Columbus, was severely scalded and was in a critical condition today.

The engine, pulling a freight, was enroute to Denison. The blast sent the boiler hurtling through the cab.

### LANDS ARE SOLD

Cleveland, Nov. 24.—Lands of the Buckhorn Collieries Company, consisting of 1400 acres of coal lands in Tuscarawas and Guernsey Counties was sold today by Attorney O. O. Vrooman, as trustee to a syndicate of Clevelanders called the Cleveland Collieries Company.

The property changed hands for a consideration of \$54,900.

### Radio Men Heroes of Fire

Chief operator George Seeber and his assistant, John Ochocki, stuck to their posts and hammered out S.O.S. while the liner Lenape burned off the New Jersey coast. Mrs. P. H. Millane and Mrs. E. C. Bassett, of Springfield, Mass., with Margaret and Martin Millane were among the passengers rescued.

### RED GRANGE REBUKED BY FORMER COACH FOR DEPARTING COLLEGE

Zuppke Criticized Spirit Back of Action In Quitting School—"Phantom" Leaves Dinner Table With Tears In Eyes

Champaign, Ill., Nov. 24.—The controversy between professional and college football was enlivened here last night when Coach Bob Zuppke, speaking at the annual University of Illinois football banquet rebuked Red Grange for leaving college to join a professional team in Chicago.

Zuppke addressed his remarks directly to Grange who had returned to Champaign to attend the banquet and receive his "Letter" for his third year of varsity competition for Illinois.

"Remember Harold I have no fight, with professional football and if you choose to enter it, that's your business," Zuppke said. But, then the coach went on to lament Red's decision.

"The Grange we know and the Grange we have watched for three years is now a myth. As time goes on those runs will grow in length with the telling. Grange will pass on and will be forgotten.

"I tell you" Zuppke ended with a snapping voice, "that no other \$100,000 player is going to be on one of my teams."

Red, to whom Zuppke has always been an idol, got up from the table and left the room. Tears were in his eyes but he said his mind was made up and he wouldn't change. He returned to Chicago where yesterday afternoon thousands of football fans staged a riot in a loop street to buy tickets to the professional game Thanksgiving day in which Red will appear.

Cleveland, O., Nov. 25.—Harold "Red" Grange's example in leaving college to play professional football

### WHO BLAMES GEORGE FOR THIS OUTBURST?

Youngstown, O., Nov. 24.—Because his wife insisted on playing the phonograph over his protests, George Dickson, 28, threw the records out of the window, and smashed the machine and burned the wooden portion.

Then, he chased Mrs. Dickson and her brother out of the house. Police however, disturbed the serenity by arresting Dickson on his wife's complaint.

**PLANTS AT CAPACITY**  
Steubenville, O., Nov. 24.—Officials of the Weirton Steel Company announce that their plants are running to capacity following lifting of the strike ban by the Amalgamated Steel and Tin Workers.

### NORTHWESTERN MOB ATTACKS POLICE IN GRID CELEBRATION

Fraternity House Burned and Stadium Fired—Eight Arrested

Evanston, Ill., Nov. 24.—Eight students at Northwestern University are under arrest and more are to be rounded up today in connection with last night's riot in which 2,000 students battled more than 100 policemen. Evanston's fire department and an organized crowd of world war veterans.

The riot was started in protest against Michigan's claim to an undisputed football championship in the Big Ten, and reached its climax with the burning of an abandoned fraternity house and an attempt to burn the university's wooden football bleachers.

Northwestern's football team won three conference victories and lost one game while Michigan's record was five victories and one defeat but because Northwestern beat Michigan, students at the Evanston school claimed they should be given credit for a tie with Michigan. No official title is awarded however, and when a majority of sports writers said Michigan's record entitled the Wolverines to the championship the students mob assembled. The students started a snake dance and gathered wood for a bonfire, the intention at first being to celebrate their team's record and let the world know they claimed a championship. But as the crowd grew the mob spirit prevailed and students descended upon a fraternity house that was being wrecked to make way for a new building. They sprinkled it with oil and burned it to the ground.

First, the fire department and then all of Evanston's police force came to the scene. Clubs and fists, stones and pieces of timber from the building were used in a scuffle until the police retired in disorder. Chief of Police Wiltberger sent in a riot call to Chicago and reserve officers were sent to the suburb.

Still the riot went on. New fires were built. A street car was seized. Wiltberger's automobile was turned upside down. Mayor Bartlett appeared. He was handled roughly by the mob and retreated.

Northwestern's old wooden football bleachers which are to be replaced next year with a new concrete stadium were next assaulted. Oil was poured over the seats and a fire started. Captain Tim Lowry of the football team, who is president of the senior class and a campus idol, ordered the fire extinguished, pointing out the new stadium might not be completed before next autumn so the students stamped the flames into control.

President Walter Dill Scott who was in charge when the riot occurred refused to comment this morning but promised proper action later.

The rioters disbanded about midnight and retired to their homes.

### GIRLS AT BRYN MAWR HAVE SMOKING ROOM

Bryn Mawr, Pa., Nov. 24.—"Time in its passing establishes new authority of conscience and convention" President Marion Edwards Park said in effect upon issuing an order which modifies the rule at Bryn Mawr college against smoking by the girl students.

"Self government" body at Bryn Mawr, reported to President Park that it had become increasingly impossible to enforce the rule.

Thus one smoking room has been set aside in each hall or residence and on the lower athletic field when games are not in progress.

Rules against women smoking no longer rest solidly on intelligent public opinion, the report said.

### CONSIDER PLANS FOR MEETING OF PASTORS

Columbus, O., Nov. 24.—Organization of the seventh annual Ohio Pastors' Convention, June 19 to 21 was considered at a meeting of the program committee of the convention here today.

Each county will be represented by two or more ministers, the committee said.

Dr. W. H. Fouldes, convention chairman, urged an organized registration campaign to produce a larger attendance than last year's total registration of 839.

# WIN OVER WASHINGTON NEEDED TO BREAK EVEN ON FOOTBALL RECORDS

Followers of America's greatest academic game will long remember the 1925 Central High School football season as one of the occasional upsets but a successful season in comparison with the losing teams of 1923 and 1924. Central games so far this season have risen at times to ultra-brilliant play, and sunk at others into the ordinary run of football games.

Notwithstanding occasional defeats, Central's eleven this year has compiled a marvelous record when the calibre of opposing elevens is taken into consideration aside from the fact the team was moulded by Coach Vic Kolb from light and inexperienced material.

Central to date, has won three games and lost four. Victories were recorded over Bath Township, Iron-ton and Blanchester while, the eleven emerged beaten in contests with Piqua, Troy, Greenfield and Wilmington.

As far as a successful season was concerned, the record is not without its blemishes. Central gave early indication of strength by defeating Bath Township High 8 to 0 in the first game of the season. It was the first Central grid victory in two years of football competition.

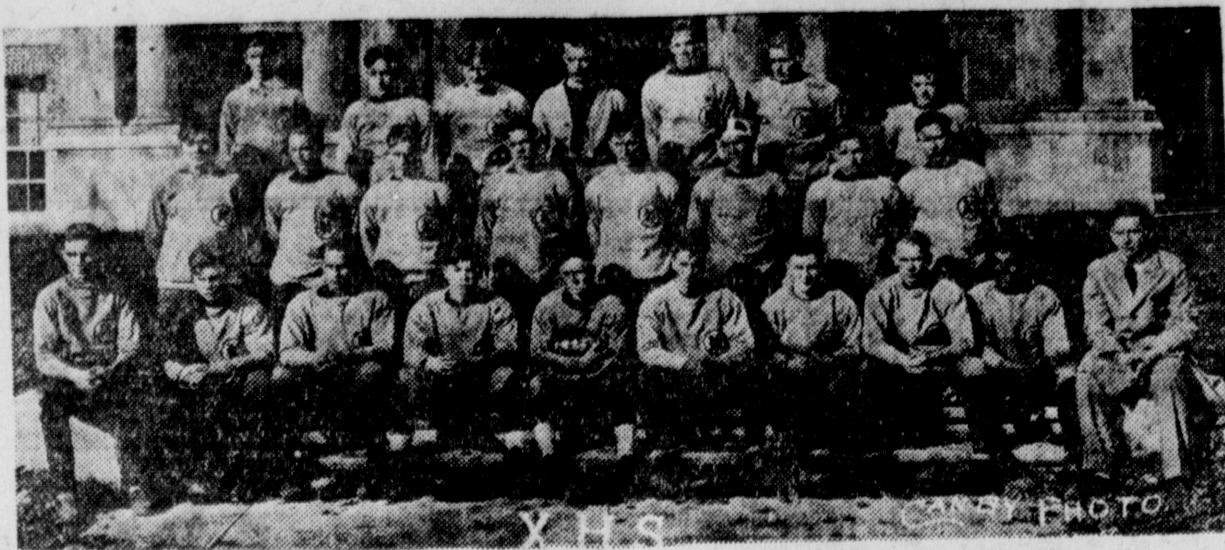

Then Piqua ran up the largest total scored against this team this season by overwhelming Central 45 to 2. Troy then upset the dope by handing the locals a 6 to 0 licking. Central's greatest victory of the season, one which perhaps the alumni considers the most important, was the 26 to 20 won over Iron-ton High. Blanchester lost to Xenia 7 to 6 in the closest game of the season to date.

This victory however, evidently sapped the vitality of the players, for Central's defense snapped before the terrific line smashes of McClain High of Greenfield and the enemy ran rough shod to a 13 to 0 victory in the ebbing moments of the game. Then Wilmington administered a 7 to 0 defeat to the local sport ledger.

Offensively, the team had one of its best teams in years while the defense as a whole was well taken care of. Central scored a total of forty-three points in the six games while opponents ran up a total of ninety-seven. Central's grid record to date this season follows:

Central 8, Bath Twp., 0.  
Central 2, Piqua 45.  
Central 26, Iron-ton 20.  
Central 0, Troy 6.  
Central 7, Blanchester 6.  
Central 0, Greenfield 13.  
Central 0, Wilmington 7.  
Central total 43. Opponents total 97.

## FIREMEN COMBAT TWO HOUSE FIRES MONDAY EVENING

Two fires were extinguished by firemen Monday night with little resulting damage.

Firemen were at first unable to locate a reported blaze at the residence of H. C. Pendry, superintendent of city schools, Columbus Street, at 6:30 o'clock. Smoke was apparent but no fire could be found until a basket was discovered hanging from a wall leading into the cellar. The basket contained rags soaked in liquid veneer which were smouldering and might have ignited from spontaneous combustion.

The second fire of the evening at 7:30 o'clock at the apartment of Mrs. Ellis Holman, South Detroit Street, was caused by a broken gas pipe. The connection broke from a stove pipe on the first floor leading to the basement allowing gas to escape. Fire from the stove ignited the gas and a stream of fire appeared along the floor burning a hole five feet square before it was extinguished. The pipe was believed to have been of inferior grade, and screwed on too tight, broke off at the elbow.

## BEAUTY, BRAINS AND BABIES.

A SOCIOLOGIST claims to have figures that all the beautiful and intelligent girls are going to college and leaving their less beautiful and less intelligent sisters at home to marry and rear children.

Of course his discovery is causing the scientist no little concern over the future of the race. He fears the American a generation or two hence will lack both beauty and brains unless matrimony and motherhood attract more of this generations beauty and brains.

Naturally the college girl feels greatly flattered by this scientific discovery, but one's advice to the scientist is, if he would avoid bodily harm, to travel incognito when he mingles among non-college women. Perhaps he is ignorant of the phrase, "beautiful but dumb," and of the industrial and business girl's claim that she has more than half of the world's beauty and that what she may lack in book learning she makes up in practical knowledge.

Personal offense might also be taken to the professor's proclamation by no small number of husbands and hope-to-be-husbands who have found their mates or prospective mates off the campus.

A more careful observer could readily come to the conclusion that the women of beauty are about evenly distributed among the college, the factory, the office and the home, and that feminine intellectuality is not monopolized by the girls' dormitory.

Although a slight exaggeration, the sociologist's point is well taken if it was his purpose to convey the thought that posterity must depend for its physical and mental superiority upon the mothers and fathers of today.

## THE TYRANNY OF TRIFLES.

THE average man's life consists of a few great moments and years of commonplaces. There is danger that we shall come under the tyranny of trifles.

Consider how much of life is spent on the inconsequential. We toil through long days of preparation for useless occasions. We worry ourselves into nervous exhaustion over questions of social form, religious controversy, business detail or personal appearance.

Our conversation betrays our paucity of great ideas. Listen to the small talk that goes on all around you and discover for yourself what trifles seem to be ruling the lives of the average folk.

The sin of the innkeeper of Bethlehem was not the fact that he refused a shelter to the mother of the infant Jesus, but the fact that the place was full and he could make no room.

The sin of the average man or woman is not that he has betrayed holy vows but that he has kept no room in his life for great ideas, great thoughts, great purposes.

We read trifling books in which shallow themes are treated superficially. We sing songs in which silly and maudlin words have been set to cheap and ugly music. We watch pictures in which beautiful photography, high priced actors and extravagant settings have been hitched up with petty and senseless stories.

We are threshing lots of straw for little wheat. Look through the average magazine rack, pick over a counter full of the latest best sellers, join in the gayest conversations and watch for the really great ideas.

The art of intelligent and stimulating conversation is being rapidly lost. When we have talked about the latest picture, the most recent scandal, the prize won at the bridge party and last night's comic strip our conversation seems to have "struck bottom."

A great preacher once said to his young assistant, "When you choose a text, look for a great theme. It is better to treat a great theme in a small way than to try to treat a small theme in a great way."

Beware of the tyranny of trifles.

GROWING WISE  
The day I turned sixteen I thought

At twenty I was clever still.

Wonderful new prescription stops  
pain and itching instantly.

Science has just discovered an amazing new agent that almost instantly allays the pain and itching of piles. So remarkable are the healing properties of this treatment that even the cause responds in a very short while, giving you relief that you have not had in many years.

Pile-num, as this new preparation is called, heals, kills germs and arrests pain. It is the private formula of one of America's greatest specialists in rectal diseases—now at your disposal without any medical fee.

If you want relief once, buy a tube including injection nozzle at these good druggists:

At least I seemed to be.  
I thought no other one could fill  
The place assigned to me.  
But I admitted, now and then  
I blundered, too, like other men.

And when I'd come to twenty-two  
More carefully I walked,  
I'd lost that faith in what I knew,  
Especially when I talked.  
I'd learned that wiser men than I  
Were slow to state or to deny.

At thirty I had come to see  
Where I'd been blind in youth  
I'd found it difficult to be  
Full-certain of the truth.  
I thought I: the wiser that I grow  
It seems to me the less I know.

Now should I reach three-score and ten,  
With faculties still clear,  
I know I shall not know of then  
What in my sixteenth year  
I thought I knew. Which I surmise,  
Is what is meant by growing wise.

RECOMMENDS IT TO HIS FRIENDS

moment, and remove from range, turning the mixture into a bowl. When it cools and begins to cling to the bowl, fold in one-half pint of double cream stiffly whipped, beat all together, and turn into the mold to finish hardening.

Macaroon Souffle: Break one dozen stale macaroons in small pieces and scald in one cup of sweet milk. Pour the hot mixture gradually onto the beaten yolks of three eggs which you have placed in the upper part of a double boiler, then set the pan into the lower section of the boiler, over simmering water, and let cook till the mixture thickens slightly. Remove pan from fire, fold in the stiffly-whipped whites of three eggs, turn all into a buttered baking dish and set this dish in a shallow pan containing a little hot water. Slip both dish and pan into a moderate oven to bake for 20 minutes, before serving.

Bride: What will clean the smudgy isinglass windows of my kerosene oil range?  
Answer: Heat a little vinegar and rub it on, repeating these applications till the isinglass becomes clear again.

Young Reader: "Our parlor is very tiny. Would a tall floor lamp with a large shade be appropriate for it?"

Answer: No, I think I should prefer a "junior" floor lamp (small size) or one of the attractive iron bridge lamps with a parchment shade extended from the cross-piece. Large floor lamps really need space.

Mrs. J. G.: "Could you, or any of the column writers, give me a recipe for Ragged Pickle (in which everything is cut with a scissors)?"

Answer: I am not familiar with this kind of pickle, but perhaps some of our readers may be, and will be good enough to write the recipe on a postal card and mail it to me in care of this paper. Let us hope!

Mary: "Could you give me recipes for Maple Gelatine and Macaroon Souffle?"

Answer: Maple Gelatine: — Beat three eggs yolks and add to them three cups of cold, sweet milk. Turn this into one cup of maple syrup which has been heating in a sauce-

pan and let all come to a brisk boil. Now add two tablespoons of granulated gelatine previously softened in one-half cup of cold water, stir a

## A PHILOSOPHY

Fools have no philosophy whereas all really intelligent people have. And intelligent people have illusions. But they ride them. They put a face value upon them and own them.

The truly great have a philosophy of life that takes them through every test. Such persons fear nothing. Therein lies the value of a philosophy. It keeps you calm when everyone else about you is disturbed, vexed and irritated.

The late Mayor Gaynor of New York City used to read Marcus Aurelius and smile at his critics and enemies. And then he would write a wonderful letter to some school boy, or some struggling young man just starting out in business, or a letter with pungent tabasco sauce flavor to it and send it to one of his critics. One day they shot this wise and Lincolnian ruler, and although he suffered great pain for a time, he kept it all to himself and finally died in his tracks.

You can't beat a man who lives by a philosophy. I once witnessed a fighter win a title and later, within a very short time, saw him lose it. His only remark was: "Oh, well, I was champion for a little while anyway!"

All good losers have a fine philosophy. McLaughlin, the greatest in popularity at least, of all tennis champions, was one of the finest losers the game ever had. But first, he was a magnificent winner! His philosophy has kept him fine and great.

Dickens and Mark Twain were also philosophers. They experienced great adversity at times yet they grew by

it and their fame shall be immortal. It's a man's philosophy that wins him friends, that gives him remarkable success and binds the world to him with cords of love.

Miss Rogers Gained  
15 Pounds In Six Weeks

Skinny Men and Women Gain 5 Pounds in 3 Days or Money Back

My dear Friends:

After my attack of Flu I was thin, run-down and weak. I had a sallow complexion, my cheeks were sunk in and I was continually troubled with gas on my stomach. I felt stuffy and had lost my appetite. I had read about McCoy's Cod Liver Oil Compound Tablets and decided to give them a trial. At once, I began to pick up an appetite, my cheeks filled out and my complexion became healthy looking and I gained 15 pounds in six weeks and am very thankful for what McCoy's Cod Liver Oil Compound Tablets did for me.

Miss Alberta Rogers, 264 W. Cerro Gorda St., Decatur, Ill.

To take on weight, grow strong and vigorous, to fill out the hollows in cheeks and neck, try McCoy's Cod Liver Oil Compound Tablets for 30 days. 60 Tablets—60 cents at Sayre and Hemphill and druggists everywhere. If they don't give you wonderful help in 30 days, get your money back—you be the judge. But be sure and ask for McCoy's, the original and genuine—Adv.

## Rajah Brings Rare Gems to U. S.

PRINCE RACHID MOUTRAN PASHA

Prince Rachid Moutran Pasha of Arabia arrived in New York carrying two small valises that contained rare jewels worth \$4,000,000. Many of the jewels are centuries old and are said to complete minor links in the history of Arabia and Turkey.

## "Go and Sin No More"

CHILD OF SORROW

Just one of the little mothers of a child born out of wedlock, now in one of the Florence Crittenton homes that offer shelter to the unfortunate in many cities. The founder of these homes was Charles N. Crittenton. Hearing a minister in a New York dive admonish a girl to "go and sin no more," he established the first home forty-three years ago in memory of his daughter, Florence, who died at the age of four.

## FOOTBALL SQUAD IS HONORED BY SENIOR GIRLS AT BANQUET

Members of the Central High grid squad were honor guests at a banquet given by the girls of the senior class Monday night in the cafeteria of the high school. The banquet lasted from 6 to 8 p.m. and was made possible under the direction of Miss Roxie Channell, senior class advisor.

Seniors on the squad were each called upon for short speeches while congratulatory talks were given by Coach Victor Kolb, Superintendent H. C. Fendry and Principal Spencer Shank.

## MAYOR FRAHN TRIAL OPENS BEFORE LARGE CROWD ON TUESDAY

Jury trial of Mayor Harry E. Frahn, Osborn, for alleged intoxication on election day, November 3, moved slowly in the assembly room in the court house Tuesday morning and a jury was not selected until late in the morning.

Prosecutor J. Carl Marshall began the task of presenting state's evidence in the case Tuesday afternoon with the introduction of a long string of witnesses, tending to support allegations of Sidney M. Cornelius of Bath Township, that Osborn's mayor was intoxicated in the general after-election celebration.

Forty-five witnesses have been subpoenaed by the state and defense. A jury was not selected in the case until the venire drawn last week had been almost exhausted. Counsel for each side used their allotted quota of four peremptory challenges.

The trial was transferred from Probate Court by Judge S. C. Wright, to the assembly room to care for the large crowd. The room was packed to capacity when the trial opened Tuesday morning and again filled quickly when the hearing was resumed after the noon adjournment.

Counsel expect the case to last several days.

## EDITOR TO SPEAK AT U. B. MEETING

The Rev. J. M. Phillippi, editor of "The Religious Telescope," will address the United Brethren prayer meeting Wednesday evening in the local church.

The weekly prayer meeting is being converted into a mass meeting for the congregation and its constituency. The Rev. Mr. Phillippi will be accompanied by other representatives of the U. B. Conference.

Extensive plans will be laid for the dedication of the United Brethren property on West Third Street, December 12 according to the Rev. A. J. Furstnberger. Large congregations of the church membership from surrounding territory are expected to be present.

Wednesday's mass meeting will be held at 7:30 p. m., in the chapel.

## POSTMASTER TALKS AT ROTARY MEETING

Details of operation of the postal department were given in an interesting manner by C. S. Frazer, Xenia postmaster, before the Rotary Club at the Elks' Lodge, Tuesday noon.

He described in particular the "dead letter office" and told the amount of mail that was lost by being addressed wrongly and the amount of money lost in the mails in this way.

Miss Helen Hurley, Forest Hurley, Dr. A. B. Kester and Don Currie, staged a musical program after the luncheon hour.

Xenia Kiwanians will enjoy a turkey feast at the regular meeting in the Goody Shoppe, Tuesday evening, H. C. Fendry, city superintendent of schools, is chairman of the meeting. Other members of his committee are C. H. Coates and Elbert Babbs.

The Rev. E. W. Stanton, pastor of First M. E. Church, will give a five-minute Thanksgiving talk. A general "pop meeting" will feature the program.

Music will be furnished by the Girls' Orchestra of the O. S. and S. O. Home. Club bulletins issued to members announcing the meeting were highly decorated with Thanksgiving tokens.

Program contest among members continues, with the Rev. W. H. Tilford's committee in the lead.

## NO POST-SEASON GAME SAYS SHANK

Principal Spencer Shank Tuesday definitely dispelled an existing rumor that Central High's grid eleven will play a post-season game with the 1924 alumni one week after the season officially closes Thanksgiving Day.

Principal Shank said he would emphatically veto any such suggestion because of the necessity for commencing basketball practice next week. The Washington C. H. contest will be positively the last game of the season, he said. The principal, however, would look favorably on a basketball game with the alumni, he declared.

Members of the 1925 eleven will disband immediately after the Washington contest.

## XENIA AUTHOR IS OBJECT OF QUEST

Sherwood Anderson, novelist, New Orleans, La., is anxious to learn information of a man named Evans, supposed to have been an attorney in Xenia at one time, who wrote a book about fifty years ago.

Mr. and Mrs. Anderson were in Xenia Monday on the quest, Mrs. Anderson having come on from New Orleans to join her husband, who has been lecturing in Cincinnati.

Carl Anderson, New York artist, brother of the novelist, received a letter from a Xenia man more than a year ago saying he had a copy of the book which is supposed to have contained reference to the father of the Andersons, who spent his boyhood in Xenia. Carl Anderson intended to answer the letter but neglected it and it was lost. Being in this section, Sherwood Anderson took up the quest here Monday.

County Library authorities could give him no information. People with knowledge of the book or its author should write Mr. Anderson at 825 Bourbon Street, New Orleans.

## MAYTAG EMPLOYEES BANQUET IN XENIA

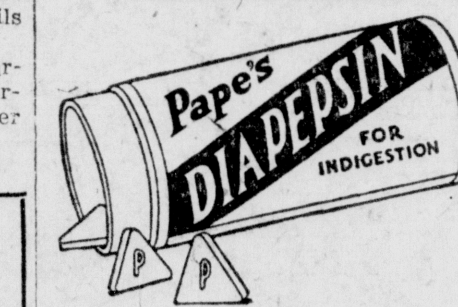

Representatives of the White Maytag Sales Company from Greene, Clark and Madison Counties, held a sales meeting and banquet in Xenia, Monday night.

F. J. Rhupert, manager of the local Maytag branch, acted as toastmaster. Talks were made by J. W. White, manager of the Maytag Sales Company, Springfield and S. L. Winger,

**REESE TO REFEREE**  
Dave Reese, Dayton, favorite football official with Xenia crowds, will handle the Xenia Central-Washington C. H. game Thursday, Coach Vic Kolb announces.  
Dr. Reese has refereed many games here and is the most popular official to ever work this city. He spent his football playing career at Denison and was for a number of years a member of the Dayton Triangles. Carl Storck, Dayton, who attended Chicago Training School, will be umpire.

## MUSICIANS SHOWING INTEREST IN 147TH REGIMENTAL BAND

Many interested musicians attend the meeting at the armory of Company L, 147th Infantry, National Guard Monday night for the purpose of organizing a regimental band for the 147th Infantry.

Prof. H. E. Seall, O. S. and S. O. Home Cadet Band leader, who will be leader of the Regimental Band, interviewed candidates for the musical organization. Captain Leroy V. John, of Company L, will also interview musicians and furnish information on the band at the armory Tuesday and Wednesday nights between 7:30 and 8:30 o'clock.

The band will be mustered into service Friday evening when it is hoped it will be recruited to its full quota of forty-eight pieces. The government will furnish uniforms and instruments and the band will be attached to the supply company, Cincinnati, and take part in all military events.

## TEN CENTRAL HIGH GRID PERFORMERS TO PLAY LAST GAME

Ten senior members of Central High School's 1925 football eleven will probably play their last high school game against Washington C. H. Thanksgiving Day. The ten may be lost to the team by graduation next year.

Senior members of the eleven are Robert Chitty, captain and half back; Robert Buckles, tackle; Robert Currie, end; John Donovan, half back; Robert Finlay, quarter back; Edward Flynn, end; Clement Henrie, center; Harold Parrett, tackle; Fred Scurry, tackle and Curtis Stearns, tackle.

Eight of the ten are regular members of the team and their loss will deal a severe blow to the 1926 eleven. Members of this year's team who will be available again next year are Butts, Higgins, Tull, Smith, Vance, Morton, Scott, Marshall, Graham, Maddox, Clemens, Rakoff and Doak. These thirteen veterans will form the nucleus of the 1926 eleven.

## CAPTAIN CHITTY TO SING "SWAN SONG" IN WASHINGTON GAME

Robert Chitty, captain and half back on Central High School's 1925 football team, will sing his "swan song" in the final contest with Washington C. H. Thursday afternoon, climaxing the present grid season.

Captain Chitty will graduate next June leaving behind him an excellent football record.

The captain obtained his football experience in his sophomore year and as a junior in 1924 played regularly in the backfield on a losing team. As captain of this year's eleven, Chitty is the outstanding performer on the team. His ability to either buck the line for certain gains, run the flanks and pass the ball, has made him invaluable.

Chitty will play his final game against Washington C. H. and hopes to lead his team to a victory and end a successful season with more game won than lost.

Chitty will be available for the basketball team this winter.

## HARMONY KINGS TO PLAY IN DELAWARE

Members of the Harmony Kings Orchestra are leaving Wednesday for Delaware, O., to fill an engagement at the Beta Theta Pi dance at Ohio Wesleyan University. Donald Currie, member of the orchestra, is also affiliated with the fraternity sponsoring the informal dance.

# GENIUS-UNHONORED AND UNSUNG

By CLAYTON HAMILTON

President, Palmer Institute of Authorship

ARMED with ink-wet sheepskins and the optimism of youth the recent crop of graduates is beginning to consider seriously the problem of buckling down to the adolescent dream of setting the world on fire. The lure of the sparkling water, the thrill of the combat on tennis courts, the zestful life of a camping trip, the fascination of the many diversions of a long, lazy summer are terminated. College days and vacation days no longer occupy the center of the stage. The carving of a career is the next act.

To many it is the end of dreams and the commencement of the drudgery of earning a living; to others it is a time for putting aside the books of thought, of culture and charm, and paying attention to those books that are more apt to spell success—order books, account books, medical treatises, legal volumes and the like. The professions that are already overcrowded will receive the largest number of these new recruits—the law, medicine and engineering; a few will enter the ministry; others will drift into teaching, that stepping stone to broader fields; an occasional graduate goes back to the farm or ranch; social service, journalism, manufacturing, all garner a few followers. Business in its manifold opportunities attracts in greater numbers every year the more promising wearers of the cap and gown.

## After College—What?

What becomes of the college men and women whose interests during their university courses have lain along the pleasant paths of literature? Where today are the college editors of yesterday? The editors of the literary miscellany, the campus daily, the humorous publications, the year books? Where are the budding playwrights of the Sock and Buskin, the Mask and Wig, the Triangle Club and countless other college dramatic associations whose slapstick comedies—riotous alike in color and wit, musical extravaganzas glorifying the pulchritude of the female impersonators, historical pageants depicting the splendor of by-gone romance, and solemn cadences of Greek tragedies have won for them the enthusiastic praises of their local constituents?

Where are those shyer spirits who have labored with the patience of a Job and the hopelessness of a Sisyphean—ridden by the desperate urge to write, yet too self-conscious to expose to possible ridicule or misunderstanding their, in many instances, really worthwhile efforts.

## Tread the Beaten Track

The truth of the matter is that many of these embryonic writers who in college have demonstrated their creative ability drift more or less unwillingly into other lines of

endeavor. They have become lawyers, teachers, merchants, politicians, bankers. In proportion to the great numbers of graduates who blossom forth each spring, surprisingly few of them turn to the arts for self-expression and fame.

The poets, writers, sculptors and painters that are developed in the American colleges are rare indeed in comparison to the number of graduates that are readily absorbed in the more prosaic occupations. This condition exists not because of a dearth of genius in this cosmopolitan land of ours, because nowhere else may be found a greater wealth of mute, inglorious Miltons, bodged Beethovens and shackled Sargent's. Rather is the blame to be laid on the crass materialism of the age, the national mania for industrial success, and the popular attitude of contemptuous misconception towards those who seek to add to the world's store of beauty.

In my recent lecture tour of the United States addressing universities and colleges in the interest of Sheridan's masterpiece, "The Rivals," it was my fortune to come into close contact with many brilliant young minds, keenly alive to the appeal of

arts and letters. Their eagerness and interest were refreshing, their spirits and visions unbounded. Yet when questioned of their future plans—as to whether these plans included the professional pursuit of literature—the answer was almost invariably negative.

## Thwarted Ambitions

One young man who, his English professor informed me, has natural creative ability of a high order, but who is one of many who must be constantly urged and stimulated, expects to go into the wool

and nolla business upon graduation. He frankly admits that he has not the slightest interest in such a non-artistic pursuit, but he is the only son and he must carry on the hard-won business of the father.

A somewhat similar case in another university is that of a young man who is being literally forced into the ministry because the oldest son of that name has for seven successive generations become a clergyman and he must uphold the tradition of the family regardless of his personal ambitions, which lie in the direction of short-story writing.

At one of the large co-educational institutions of the Middle West a charming young woman

care of physicians, is the tenth to develop in the vicinity of Bellbrook within the past three weeks. Efforts of health and school authorities to check the epidemic and carrying out a stringent vaccination order in the territory are thought to have spelled success in stopping further inroads of the disease.

No other communicable diseases in the county have been reported to Dr. Grube recently.

Central High School's cage five will be arrayed against a combination of former Central basketball stars in the opening contest of the regular season with the alumni Tuesday night, December 5, at the high school gymnasium.

Pitted against Coach Kolbs' promising youngsters will be such stars as "Bill" LeSourd, Paul Boxwell, Eugene Perrine, Edwin Reuthiger, "Doc" Zell, Donald Currie and other Xenia cage artists of past years.

## CHRISTMAS SAVINGS CLUBS WILL DISTRIBUTE \$112,000 TO THRIFTY

Xenia's public fund for holiday shopping will be augmented about December 10 by the distribution of approximately \$112,000 to members of Christmas savings clubs by the Home Building and Savings Company and Commercial and Savings Bank, it is announced.

This fund has been accumulating since the Christmas holidays in 1924 and it is estimated that the clubs had more than 2,600 members this year.

The Commercial Bank will distribute checks for \$57,000 or about twenty per cent in excess of the savings through the Christmas club plan last year. The Home Building and Savings Company will mail out checks amounting to nearly \$55,000, representing but a slight decrease from last year, it is announced.

The 2,600 members this year represent a substantial increase over last year and the average amount saved through the plan by each member in 1925 is estimated at \$43.

Officials of both institutions be-

have a large portion of the money saved by members over the fifty-two week period will be used for holiday shopping purposes.

The Christmas savings plan is growing more popular yearly as evidenced by the annual increase in members. The Home Building and Savings Company was the first to organize a club in Xenia four years ago and the Commercial bank followed suit in 1923.

Both institutions will continue the plan in 1926 and Christmas accounts for next year will be opened immediately after the distribution in December, it is announced.

## SUPERINTENDENT OF DAYTON DISTRICT TO VISIT CHURCH HERE

Dr. Jesse Swank, Marion, O., recently appointed by Bishop Henderson as superintendent of Dayton District of the Methodist Episcopal Church to succeed Dr. E. O. Criss, whose death occurred recently, will appear in Xenia for the first time, Wednesday night. He will have charge of the first quarterly conference at the First M. E. Church, at 7 o'clock, instead of the usual hour of 7:30.

Dr. C. Swank will deliver a short address. The local church and pastor, Dr. F. W. Stanton, are preparing to give him a cordial welcome. After the service, the choir will meet for special practice, in preparation for the "Old Time Concert," to be given December 10.

Dr. Swank is reported to be one of the best preachers in the West Ohio Conference and for ten years has been pastor of the largest Methodist church in Western, O., at Marion. He will be located at 823 Five Oaks Avenue, Dayton, where he will take up his residence next week.

## NEW YORK PROGRAM WILL BE RELAYED FROM CINCINNATI

Interspersed with other features, the usual good grade of music will be broadcast from Cincinnati radio stations, Tuesday night.

WSAI will be the first station on the air in the evening, opening with a chime concert by Robert Badley, at 6:15. Program from New York City, featured by a saxophone octette will be broadcast at 6:30. Orchestra, under the direction of Reuben Lawson will give a program of comic opera selections at 7 o'clock.

An "hour of music" will be relayed from New York City at 7 o'clock. Radio auction bridge game from New York City will begin at 9 o'clock. WSAI's program will close at 9:30 with a program from the concert studio.

Musical program from WLW will begin at 7 o'clock with an instrumental trio will give selections. "Mary Barbara" will be on the air at 7:30 o'clock and again at 8:50 when she will give poems from James Whitcomb Riley.

F. W. Avery, Wauseon, O., will give a talk on colics at 7:50. Feature orchestra in a Henry Fillmore program, including popular compositions and arrangements by the leaders of the Shrine Band, will be given at 8 o'clock. A quartet will sing at 8:30 and "Hello Boys" will give a program at 8:40. The program from this station will close at 9 o'clock, with a concert orchestra.

Mel Doherty's Melody Boys will give a program at 10 o'clock. Popular song features will be given at 10:30 and Alvin Roehr's Hotel Alms Orchestra will broadcast at 11 o'clock.

ARTS AND LETTERS

TRADES

In a well-known eastern university an intelligent youth dawdles disinterestedly with his Pre-Medical course. At twenty-two he is already bored with life, and somewhat sullen and bitter. The frustrated ambitions of the father have been hoisted upon his unwilling shoulders. Because his parent did not gain his coveted M. D., the son must forego his own cherished desire for a Litt. D.

So much for the blindness and selfishness of parents.

## The Lure of Mammon

Then there are those who are frankly in pursuit of the pecuniary rewards to be found in business and the professions. Naturally gifted, these students aspire to literary careers, but upon leaving college deliberately turn away from literature and force themselves to go into non-creative tasks. Literary dreams broken on the wheel of material success! All because these dreamers are daunted by the age-old mirage which pictures writers as pathetic starvers in rat-infested garrets.

How pitiful and needless are such sacrifices! This is the golden age for authors. Never before have there existed so many periodicals whose pages must be filled with material of interest to satisfy the clamorous demands of their multifarious readers. The market for plays, novels, scenarios, as well as for technical and scientific and educational manuals, has yet to develop the proper ratio between supply and demand. No one need relegate to oblivion his desire to write because of the daily bread-and-butter exigencies, or because of the lack of proper instruction and stimulation.

Literature is as difficult, as intricate and as honorable a profession as law or medicine, yet many would-be writers become discouraged if their output is not in immediate demand with the editors and publishers. They do not realize that years must be spent in specialized studying and as-

siduous practice, just as in other professions, before the writer can hang out his shingle which proclaims to the world his arrival at the goal of his desire.

## Stimulus and Guidance Necessary

When circumstances make the continuance in university courses an impossibility, the conscientious worker can obtain splendid results from books on literary technique, from correspondence courses, from personal association with others of the same craft, and from a diligent study of the masters and their works. It is well, however, to remember, when acquainting oneself with the great writers of the past, that study does not mean imitation, either in style or in manner. Write of what you know, of what you are, and, above all, develop your own peculiarities of diction.

Seek out those who have acquired a facile knowledge of the tools of the trade and learn wisely from the fruits of their experience. It is a pleasure to come into contact with the successful author who finally has reached the broad, smooth plateau of accomplishment after the long, hazardous uphill struggle, when, after those initial years when he was burdened with crudity, lack of style, ignorance of method and superfluity of words, he has achieved a success that is worthy of emulation. Usually his hard-won knowledge is freely given to his younger fellow-craftsmen. We call them artists—these master writers who have achieved fame and greatness, but in reality they are the most pains-taking of workmen. They use the method that is open to all.

Anyone with the elementary knowledge of reading and writing may feed upon dictionaries, encyclopedias and popular works of reference and thereby string together words and sentences into carefully built-up narratives which do not violate the usual rules of rhetoric and composition, yet the result may be a galatea of leaden limbs and inert pulse without the Pygmalion of imagination and skillful manipulation to breathe into it the spirit of life.

## The Reward of Effort

There is fame and fortune for those writers whose genius carries them to the top of the heap; some fame and less fortune for those of average creative abilities; and neither the acclamation of the multitude or the pleasant clinking of gold for those who have buried their one talent under neglect and procrastination.

There is no royal road to literature any more than there is to other things worth while; but the roughest of tortuously winding, grass-grown ruts can be smoothed and straightened by application and perseverance. And the genius that today is being strangled and denied may, when unleashed, produce the masters of tomorrow.

### CAPTAIN CHITTY AND DONOVAN IN TIE FOR HONORS IN SCORING

In addition to being captain and half back on the 1925 Central High School football team, Robert Chitty has the distinction of being tied for individual scoring honors of the team to date.

Central has amassed a grand total of forty-three points in seven contests so far this year and twelve are directly attributable to efforts of Captain Chitty.

Donovan, the other high score man, accumulated his twelve markers in one game, the Ironton contest, in which the Central back ran wild and crossed the goal line twice on long dashes down the field.

Doak, the small colored end, and "Dizzy" Vance, half back, are knotted for second place in the scoring column with six points each. Doak went over for a touchdown and six points in the Ironton victory while Vance practically won the Blanchester contest by pulling down a pass in the end zone in the closing moments of play.

The educated toe of Clemens, lanky center, accounted for three points after touchdown, while one kick in the Blanchester contest gave Central the margin of victory.

The remaining four points were made by a pair of safeties in the Bath Township and Piqua games.

### WILL GIVE CONCERT AT JAMESTOWN AS FIRST OF SERIES

First of a series of concerts by the department of music of Jamestown High School will take place Tuesday evening at 8 o'clock.

The concert will be given at the Opera House under the direction of Miss Ann Marie Lindsey, supervisor of music in the Jamestown Public Schools. She will be assisted by Miss Margaret Bidwell Thompson, cellist, and Miss Jessie Lee Holbrook, pianist, both of the Cincinnati Conservatory of Music.

Special interest in the concert is centered on the violin that Miss Lindsey is using. It is an original Antonius Guarnerius Filius Andrea, made in Cremona in 1697. For years it has been in the family of a former French nobleman who losing his entire fortune during the war, was forced to sell his precious instrument. It is furnished by Albert V. Mertes, of The Violin Shop, Cincinnati. Miss Lindsey will use the same violin in the concert at Central High School here Tuesday afternoon.

The following program has been arranged for the Jamestown concert: March, "Flag of Truce;" "The Bohemian Girl;" Selections—Jamestown High School Orchestra.

"Extasy," "Reverie," by Gaune; Hungarian Dance Number Six, Brahms—Conservatory Trio.

Cello Solos, Selected—Miss Thompson.

"Coronation March" from "Le Prophete" by Meyerbeer—Conservatory Trio.

Address—Prof. H. C. Aultman. Selections from "Carmen," by Bizet; Waltz, Selected—High School Orchestra.

Piano Solos, "Fantasy Impromptu,"

### MANY FORMER CENTRAL HIGH STARS ON TILTON ELEVEN

by Chopin; "Novelletto," by Macdowell—Miss Holbrook.

Violin Solos, "Hungarian Rhapsody," by Hauser; "Spanish Tanz," by Rehfeld—Miss Lindsey.

Announcements.

"The Mikado" (Selections)—High School Orchestra.

### MOTHERS OF DAUGHTERS

Will Profit by Reading Mrs. Quigg's Letter Telling How Lydia E. Pinkham's Vegetable Compound Helped Her Daughter

Royersford, Pa.—"My daughter was sickly from the time she was 13 years old, and when she was 15 she was irregular and also had severe head aches and pains in her sides and back. She was this way about six months before I began giving her Lydia E. Pinkham's Vegetable Compound regularly, although she had tried it before. It helped her very much. She is not bothered by headaches, backaches, or cramping any more, and has not missed but one day. We recommend it to other mothers with girls who have these troubles."—Mrs. QUIGG, 210 Main St., Royersford, Pa.

Another Mother's Letter  
Roxbury, Mass.—"At the age of 16 my daughter was all run down, nervous, with poor blood. These troubles made her weak and unfit to work. She tried several medicines, but they did her no good. Finally I induced her to take the Vegetable Compound, too, and she has gained in health and strength and is now working steadily. I have told these facts to many mothers, and I hope this letter will reach many more."—Mrs. HUDSON, 252 Eastis Street, Roxbury, Mass.

Many boys who won gridiron fame at Central High School are now members of Tilton's Thirty-Three, Xenia's crack independent team. Among these former high school stars shown in the picture above are: Beals, Coach Boxwell, Buck, H. Barnett, Stephens, M. Barnett, Dice, Smith, Perrine, McCoy, Cowan, P. Fuller and D. Fuller. Which means that the majority of the independent players are former scholastic luminaries. The Tiltons finished a glorious grid season Sunday winning all but two games during the season, one of these exceptions ending in a scoreless tie. In the picture the players are, left to right: top row—Beals, guard; Coach Boxwell, halfback; Lincoln, end; Houk, tackle; Tullis, center; Buck, halfback; H. Barnett, tackle; Steph-

ens, quarterback; middle row—M. Barnett, tackle; Dice, guard and manager; Smith, fullback; F. E. Tilton, organizer and first manager; Bales, guard; Perrine, end; McCoy, center; bottom row—George Haller, trainer; Cowan, end; P. Fuller, halfback; D. Fuller, halfback; McFadden, trainer. The mascot in the picture is the son of Mr. and Mrs. Paul Fuller.

### HOME PUPILS ARE "SITTING PRETTY"

Pupils at the O. S. and S. O. Home are "sitting pretty."

While many people outside the institution are worrying whether they can afford turkey for the Thanksgiving feast, 1,300 pounds of the expensive bird were delivered to the Home Monday.

William Marshall, poultry dealer, Cedarville, delivered the turkeys at the institution and the large number of birds met with the admiration of officials and wards of the Home.

Mr. Marshall, although there is a scarcity of turkeys this year, obtained them in Kentucky with little trouble, he said. The turkeys were of good size, although birds raised in this section are said to be smaller and scarcer, this season, he said.

"Selectivity!" Poor overworked word that tumbled into the radio dictionary along with popular broadcasting terms! Poor much-used word printed and preached about and attached to all makes of radio sets as a matter of course! Poor once powerfully descriptive word that no longer describes!

It is a shame we must use a word that makes the Day-Fan radio appear like any other radio—it isn't.

By "selectivity" we mean that the Day-Fan 5 radio gets whatever station you want at the newspaper number or the Day-Fan directory number on its dial.

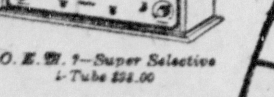

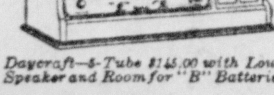

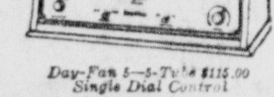

By "selectivity" we mean that the Day-Fan radio cuts out a powerful

station and brings in one far away—so that with a hair's breadth turn of its dial 17 gets one station, and 18 another hundreds of miles away.

Even at that, your best description will come when you walk into our store and "select" your own stations yourself. Then you can hear a tone you never believed possible, obtained with the utmost ease, from any one of several Day-Fans—all of which cost less than you expected to pay.

There are ten Day-Fan models including complete sets up to \$200.00

## POST WAR ARMAMENT DEVELOPMENTS CAUSE CHANGES IN COAST DEFENSES OF U. S.

Washington Nov. 24.—Developments in armaments and offensive weapons since the World War have necessitated changes in methods of coast defenses and a corresponding change in developments in the Coast Artillery branch of the Army, according to the annual report of Major Gen. F. W. Coe, chief of Coast Artillery, made public today. "Since 1913," Coe declares, "the term 'Coast Defense' has been used to designate a command of one or more forts provided for the defense of a harbor or point of the coast. The use of this term was based on the theory that an adequate defense of a coast as a whole was assured by the defense of important harbors and naval bases. "The World War has modified this conception and an adequate defense now contemplates denying an enemy access to any landing place where he could quickly establish himself in force. "Coe declared that inspections of stations revealed that present training programs are too crowded and as a result of this regimental commanders are finding it difficult to maintain a high state of morale in their commands.

"Reports of target practice have shown improvement in fire against simulated Naval targets, however," Coe states. "There has been an increase in the number of hits per gun per minute, and in the firing ranges and decrease in the times of making adjustments from observation of fire by battery commanders.

"During one target practice in each Coast Artillery district battery personnel has been subjected to a gas attack. These firings have emphasized the need for gas masks suitable for the personnel operating telephone and optical instruments. Such a development is now in progress.

"The .50 calibre machine gun has been adopted as the standard machine gun for anti-aircraft defense. As soon as funds are available these should replace the present .30 calibre machine guns and automatic rifles now in service in Coast Artillery Stations.

Coe stresses the need for further developments in anti-aircraft works and development of sound locating devices and proper searchlights for use in connection with Coast Artillery Defenses.

## DEFENDANT APPEALS FROM DECISION

Motion for a new trial was filed in Common Pleas Court Monday by Attorney Harry D. Smith for the defense from the verdict which awarded

The Alpha Seed and Grain Company \$24,000 damages in its suit against The Dayton Power and Light Company.

In asking for a new trial of the case, formal errors in the introduction of evidence were cited in the motion. Common Pleas Judge R. L. Gowdy has not set a date for a hearing on the motion.

# FARMERS SHOULD REPORT CROP AND HOG PRODUCTION

There is a misunderstanding on the part of a number of farmers in Greene County regarding the usefulness of the information as to the hog production and crop acreages obtained from cards distributed by rural mail carriers, according to Postmaster C. S. Frazer.

"These surveys are made with the help of rural carriers, who either distribute the cards to a certain number of farmers along their routes, with the request that these be filled out, or the carrier is instructed to obtain information from farmers which will give a good average picture or sample of farms on his route, preferably by taking all farms along part of his route."

"If a fair sample of all farms is returned in each state, figures for those farms should show the same changes as all farms. It is impossible to take an actual census enumeration of all farms each year, so changes in production and acreage must be estimated from samples."

"But unless these estimates can be kept dependable, the trade will disregard them and will be guided either by private estimates or by actual marketings as these take place. Therefore, every Greene County farmer should help to make these reports accurate by making the report for his own farm complete and accurate."

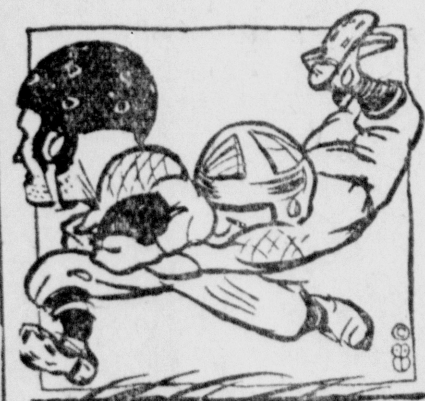

## Health Hints by the Father of Physical Culture

Some years ago the Russian scientist Pavlov made the remarkable discovery that the digestive juices vary, not only in quantity but in quality, according to the foods taken. This difference in the composition of the digestive juices in the stomach is not determined by the presence of the foods in the stomach so much as by the sight, flavor, odors and taste of the food as eaten. This discovery teaches us two lessons. One is the importance to digestion of a proper manner of eating, with sufficient time to fully taste and enjoy foods. The other is the great importance of simple meals and simple foods. The greater the number of foods eaten at one meal the less perfect would be the adaptation of the digestive juices to particular foods. Moreover Nature's provision can hardly be expected to take care of the more complex concoctions of the cook. Simple foods taken in as nearly their natural state as possible and a few foods at a meal are, therefore, more easily and more fully digestible than a large variety of foods subjected to a greater amount of manipulation.

Ample variety may be introduced into the diet by changing the foods from meal to meal, and such variety should be sought mainly in the field of fruits and vegetables, the chemical contents of which vary widely and from which we draw our mineral salts and vitamins. With cereals and animal products there is less occasion for a variety, and such foods as bread, milk, butter and eggs may be used daily. The number of meals taken a day is important in governing the quantity of food eaten. The American habit calls for three square meals a day. As American habits were originated by a hard-working set of pioneers, the American square meal is customarily a heavy one. For a number of years I have advocated the two-meal plan as being the simplest way to overcome the tendency toward an excessive diet. A careful inquiry instituted among physical culturists who have adopted the two-meal plan shows that in the great majority of cases the total amount of food eaten is considerably reduced by such a regimen.

This plan enables the man who would limit his diet to continue to dine at the conventional table and partake of the usual servings of food.

Mrs. St. John Alison Lawton, Charleston, S. C., has been elected President-General of the United Daughters of the Confederacy at the convention in Hot Springs, Ark. Miss Jess Barnt, descendant of Napoleon Bonaparte and advocate of the curfew law, is a candidate for the post of City Manager of Kansas City, Mo. Major Eddie Rickenbacker, American ace, testifying for Col. Mitchell, said the aerial service of the U. S. is in bad shape. Charles E. Hughes has been elected head of an unofficial commission that aims at reforms in New York State legislation

## The Purity of HOLSUM

We are not satisfied when we have bought the best flour the market affords. Special aerating machinery, such as the housewife, of course, cannot command—airs and purifies the flour. Then it goes into our huge and mechanically perfect sifters, where it receives such a sifting as no hand sifter can accomplish.

This is one reason why HOLSUM is a loaf of finer quality and texture than the best home-baked loaf. The best home-bakers are now buying HOLSUM. They realize that hard work and worry do not produce a better loaf.

## UNION SERVICES AT FRIENDS CHURCH ON THANKSGIVING DAY

Union Thanksgiving service will be held at the Friends Church, Thursday morning at 10 o'clock, it is announced. At that time Xenia churches will unite to give thanks for the benefits of the past year.

The Thanksgiving offering received at this meeting is each year given to the Social Service League to bring cheer to the needy, not only at Thanksgiving time, but throughout the entire year.

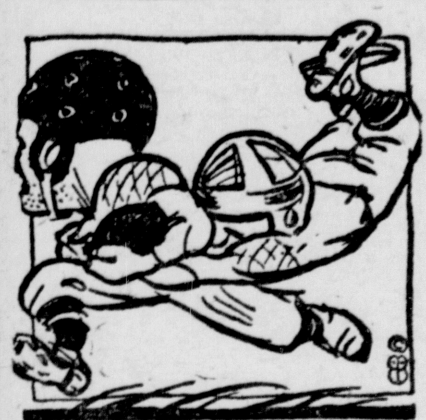

"Five, ten, fifty or a hundred dollars, or even a small sum, given at this time, will bring you rich blessings during your whole life," said Mrs. George C. Stokes, in her plea for financial offerings.

## TWO SENTENCED FOR FAILURE TO SUPPORT

Cecil Jeffries, Dayton, formerly of Cedarville, was sentenced to twelve months in the Dayton workhouse and fined \$5 and costs by Judge S. C. Wright in Probate Court Saturday for non-support of his minor child. He pleaded guilty. He was arrested in Dayton Saturday on a charge filed by his former wife, who is now separated from her husband.

James Edward Russell, of Middletown, was fined \$5 and costs and sentenced to six months in the Dayton workhouse for non-support of his minor children Monday afternoon by Judge Wright when he pleaded guilty. He was arrested Saturday in Middletown.

Russell's children are now being cared for by Mr. and Mrs. Scott, of near Xenia. Russell was arrested on an affidavit filed by the grandmother of the children.

## KOLB ISSUES CALL FOR BASKETBALL RECRUITS MONDAY

Coach Victor Kolb has issued his first call for basketball candidates for the Central High School 1925 team to report at the high school gymnasium next Monday afternoon.

Central will meet the alumni in the first game of the season, December 5, it is announced.

Coach Kolb will build his 1925-26 five around Captain Howell Huston, only remaining veteran from the champion team of last year.

Captain Huston plays either a guard or forward position and was one of the outstanding performers on the 1924 team.

Coach Kolb wants as many candidates as possible, but announces the squad will be cut after the first few practices to ten or twelve men. In this way the coach hopes to devote his entire efforts to instructing the most promising material.

Although the high school was hurt severely by graduation, a number of letter men will answer the first call next Monday, including Marshall, Finlay, Chitty, Scurry, Stearns and others. The freshmen and sophomore crop of basketball candidates is also said to be unusually good this year.

## MODISH MITZI—\$50 for a Name, but Not One of These Names By JAY V. JAY

Polly has just come home from a dance and before she goes to bed she is doing her daily dozen of names for Mitzi's doll. Mitzi is offering \$50 for the best name and Polly could use that—to buy another dress, perhaps, like this one of chiffon and dyed ostrich.

Adelaide is spending a quiet evening at home and is naming names for Mitzi's doll, too. Adelaide has dressed for the occasion in a gorgeous gown of gold mousseline with colored patches of velvet on the sleeves. She hasn't found Webster very helpful as yet, but she perseveres.

Any evening the Goofer spends with Mitzi is so much to the good. He doesn't even mind reading names out of the dictionary while Mitzi ponders their meanings. Because naming anything is serious—you wouldn't want to give even a doll a bad name and hang it. Mitzi wears an even-

ing dress of chiffon and gold lace with a circular skirt which has half a dozen godets for gaiety. She'll be less gay by the time she reaches Yvonne and Zoe in the dictionary. If you have ideas for naming Mitzi's doll send them to Mitzi in care of this newspaper.

# A Tribute To The Scrubs- Everywhere

"Grange makes forty-five yards off right end. Grange, by dodging and squirming his way past two men carried the ball over."

Reports like these give every football fan a thrill. The names of a few great football stars receive more mention these days than the name of the President of the United States. This is nothing to deplore of course, because football has become one of the most popular of all sports.

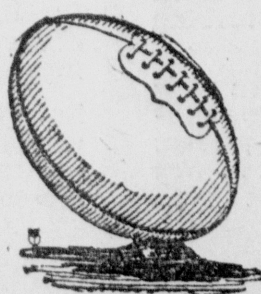

But it seems that we think too much of the great stars and too little about the co-operation and team work that makes their brilliant feats on the gridiron possible. We love the spectacular; but we forget that spectacular achievement would never be possible without the co-operation and the teamwork of every "bloomin' soul."

We watch with admiration the feats of the famous halves, and forget all about the scrubs who appear every day of practice, fight the first teams, have their noses rubbed in the mud, and give the first string warriors the practice they must have before they can ever hope to win a big game.

So this article is dedicated to the men on every football squad who go through one ordeal after another, knowing that glory will never come to them. We want to extend a word of commendation to the unknown scrubs, second team men — the ordinary fellows — who are willing to contribute their share to the victory, knowing full well that all the honor will go to some one else.

We like their spirit. They've got the stuff in them that may make them stars in the business and commercial world when the football uniform and diploma are carefully laid aside. They are the kind of fellows who are willing to do the drudgery work in every community activity, and let the credit go where it may. In other words: they think first, last, and all the time about the results to be attained, and never the personal recognition that may come. Usually time will single them out from the mass and give them the honor they think so little about.

**"Not Possible To Classify"** By Mack Sauer

A few jottings of the day by Samuel Pepys, Jr.: Came a letter from my banker thanking me for my patronage and promising me every service under the sun, but wait until I try to borrow some money, when will come a different tune, I'll be bound. A right dark sky, and rain such as I have not seen in many a day, I frightened about the high waters.

Had it in mind to see if I could get a book about the life of Mark Twain, but forthwith came a neighbor to invite me to go to Dayton to hear the "King of the Ivories," which I did. A mighty good show and laughed fit to kill at the picture, but not better, if as good, as I see at the Bijou, in Xenia.

Home late and took a stroll down the traction track to the bridge across the river, where sat watching the drift go by in the muddy waters, but soon came a bunch of rowdies to cuss and swear and throw stones, so away through the fields back to my fireside.

In the evening had my wife read me some Latin, and had good humor to hear her make great attempts at pronouncing which she does with no credit at all, but neither can I pronounce the name of the Premier of Italy, who is attracting so much attention of late.

When we were ready for bed, almost, came company to visit, so talked long about the trouble in aviation circles, and then about nothing but tommyrot and gossip, which left me with a sore headache and little care for sleep. So late to bed and slept till sun up.

"Heet" Relieves Instantly

Use applicator attached to cork and brush "Heet" into the pain area. Immediately, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of your lame, aching back. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" instantly relieves rheumatic or neuritis pain in any joint, muscle or nerve, whether in the arm, shoulder, neck, legs or body. "Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store. adv.

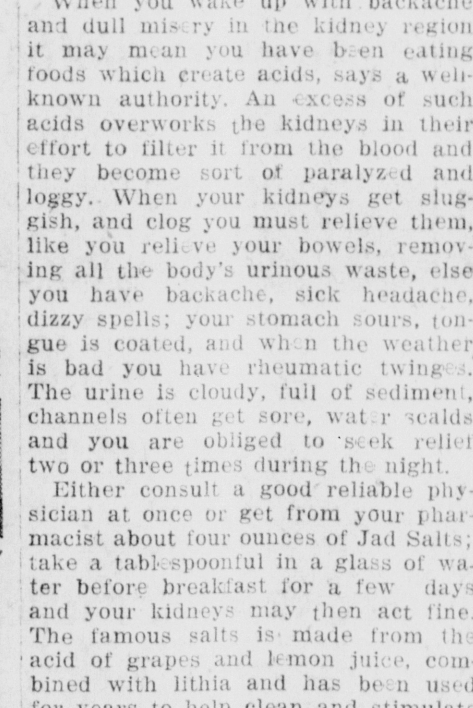

**IF KIDNEYS ACT BAD TAKE SALTS**

SAYS BACKACHE OFTEN MEANS YOU HAVE NOT BEEN DRINKING ENOUGH WATER

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish, and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. adv.

**COACH VICTOR KOLB CONSTRUCTED TEAM FROM NEW MATERIAL**

Pulling a football team from the slough of defeat was the task assigned this year to Coach Vic Kolb, of Central High School.

Kolb came here after making a record for himself at Ohio Wesleyan where he played football and basketball under the capable direction of Coach George Gauthier, considered by many, the ace of Ohio football coaches and Coach Van Alstyne, basketball mentor.

Although his squad was principally composed of green material and he had the psychological handicap of a victorious season last year to overcome, the team has fought itself into local recognition. The season's record shows three wins and four defeats and in the defeats the team won commendation by going down fighting.

Since many members of his squad are sophomores and juniors, fans expect Coach Kolb to turn out an even better squad next season. He is banking on his athletes to finish the season with a victory Thursday.

Central High School will draw the curtain down on the 1925 football season in the annual Thanksgiving Day football game with Washington C. H. High School Thursday afternoon at Cox Memorial Athletic Field.

The game is perhaps the most important of the season in point of local interest because of the traditional rivalry fostered over a period of nearly twenty years of gridiron competition.

Central and Washington C. H. are athletic rivals of long standing and in many years of football competition have about split even in matter of wins and defeats.

In the 1925 renewal of their annual struggle for gridiron supremacy, the

**OPPONENTS PLENTY TOUGH!**

Xenia Central High football team will face the championship eleven of the South Central High School League when it meets Washington C. H. High at Cox Memorial Athletic Field Thursday.

Washington won the championship by not losing a league game all season, the loop season being finished last week when Washington and Hillsboro played a scoreless tie.

Washington incidentally played three scoreless ties with Frankfort, Chillicothe and Hillsboro, during the season but defeated Wilmington, Greenfield and Circleville. Wilmington and Greenfield both defeated Xenia Central this year.

The league is composed of Washington, Wilmington, Greenfield, Chillicothe, Frankfort, Hillsboro and Circleville and finished in the loop standing in the order named.

two elevens line up as about equal in matter of individual and team strength.

Washington unexpectedly defeated Central 27 to 6 in the 1924 Turkey Day classic at Washington after Captain Allan Zell was removed from the game by an injury.

Xenia was the favored team last year following Wilmington's overwhelming defeat of the Fayette County tribe and Xenia's showing in holding the Quakers to a six point victory. Central was leading 6 to 0 when Zell became injured and the team went to pieces.

Central partisans believe history will not repeat itself this year and Coach Kolb's team will end the season in a brilliant victory, incidentally avenging the 1924 defeat.

In marked contrast with last year, a peculiar bit of luck follows the local eleven this season and keeps the athletes free from serious injuries. Throughout the long, hard grind, no player has been hurt seriously enough to keep him out of the succeeding contest and the locals will be able to hurl their full strength into the Washington contest.

Coach Kolb has his team out on the
